THE Gossard CORSETS

"They Lie In Front"

Demonstration in Our Corset Department

The "GOSSARD" CORSET is everywhere recognized as one of the world's leaders—and the secret of its success lies in its perfect adaptability to the lines of the figure.

Lacing in front gives more freedom to the stomach, allows of easy breathing and gives a support to the back.

An expert Corsetiere from the home office of the Company is with us, giving a demonstration of the "Gossard."

Entire South Apparently Stirred Up With Enthusiasm Over Coming Reunion.

MUCH WORK BEING DONE

Chairman of Information Committee Besieged With Inquiries.

Removal of Statue.

Almost every mail coming into Richmond brings to Captain Charles T. Locher, chairman of the reunion committee on information and quarters, letters of inquiry from various camps which purpose to come to Richmond to attend the great gathering of ex-Confederates. Fortunately, Captain Locher is an old and experienced hand at this business, as he served in a similar capacity eleven years ago when the Grand Camp met in this city during the administration of Governor O'Ferrall.

It begins to look now as if the old soldiers are going to flock to Richmond from every point of the compass when the Grand Camp meets here. Saturday brought a communication telling of the plans of the Oklahoma and Indian Territory "vets," and yesterday's mail announced that a big delegation is coming from Washington. This contingent will represent Camp No. 171, U. C. V., of the District of Columbia (Harry Beth Camp, No. 119, Grand Camp, Va.). Fifty of the members will turn out, and Secretary John T. Callaghan writes that the party will make 200, counting the ladies and others who are to accompany the old soldiers.

Other inquiries have come from the Camp at Pendleton, W. Va., which will send twenty-five men, and from the camp at New Market, Va., which will send thirty more. The secretary of "The Immortal Six Hundred," who figured in the notable affair at Morris Island, writes that his band is making a considerable delegation from Charles Town, W. Va., and several ex-Confederates located at Columbus, O., also purpose to join "the boys."

Letters also have been received from Lane-Diggs Camp, of Matthews county, from the camp at Strasburg, and from organizations at Savannah, Atlanta, Jacksonville and Little Rock.

Old soldiers from Granbury, Texas; Chattanooga, Tenn., and Lumberton, Miss., will also swell the ranks of the gray-coated battalions. Indeed, there will be no end of "Johnny Rebs" for the whole Southland apparently is stirred up with enthusiasm.

The use of the buildings of the University College of Medicine, which will have ended its session by May 20th, has been offered the reunion committee as quarters for the old soldiers, and from the whole Southland apparently is stirred up with enthusiasm.

Starch Indigestion

A Very Common Form of Dyspepsia Vanquished By Eating Grape-Nuts

The starchy foods so much used nowadays—white bread, pastry, potatoes, hot biscuit, etc., often cause "starch indigestion," and a long line of troubles, because the digestive organs are unable to handle the excess of this kind of food-material.

It remains in the stomach, partially fermented, causing gas and sour eructations, besides preventing the body from absorbing the full amount of food necessary. Such persons often feel hungry a short time after eating.

In making Grape-Nuts, a food expert combined the whole wheat and barley in the same way the human organs act on food—with heat, moisture and time—the diastase in the barley, during the process of manufacture, changing the starch into a form of soluble sugar, thus making it easy of digestion.

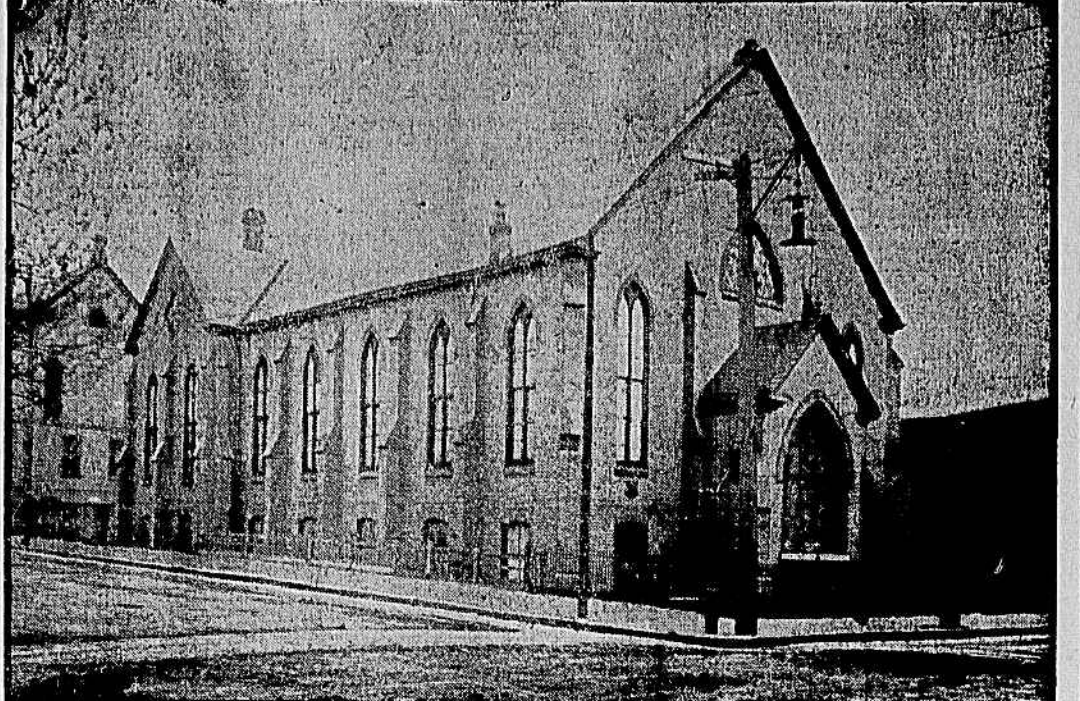

In this way he devised a means of assisting weak digestive organs to handle natural food with ease, and not only build up brain and nerves, but strengthen the digestive organs at the same time.

If you have any kind of indigestion or nervous dyspepsia, you'll find a marked change in your condition by a ten days' use of

"There's a Reason"

LAUREL-STREET CHURCH TO ERECT \$25,000 BUILDING

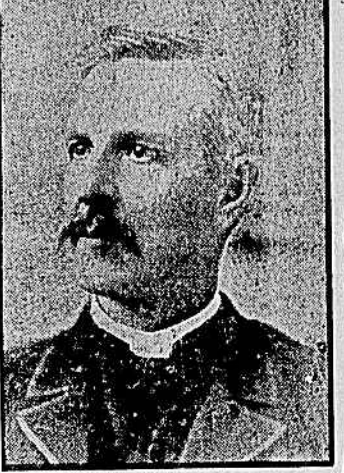

ommendation that it be rejected.

Mr. E. D. Richardson made a stirring appeal for favorable action on the Light Committee's recommendation that the increase in salaries be granted. Mr. Garber, Mr. Minor and Mr. Richards earnestly endorsed Mr. Richardson's commendation of the man and the merits of his position. Various motions were made, Mr. D. M. White proposing to refer the matter to the new committee on salaries. Mr. E. D. Richardson moved recommitment to the Ordinance Committee in order that this committee might more fully ascertain the merits of the case. Mr. Cannon advocated committing to the Committee on Salaries.

Mr. Richardson's motion was lost on a vote, 18 to 16, whereupon Mr. White's motion to commit to the Salary Committee was adopted.

An ordinance to increase the salaries of the valve-room employees of the Gas Works was reported adversely and the proposed increase was rejected.

Resolutions extending the time for the completion of the work on the Boulevard sewer, on the channel of Bacon's Quarter Branch, and for certain sidewalk paving, were adopted.

Present Laurel Street Methodist Church, which will be razed, and Rev. D. G. C. Butts, the pastor.

Old Church to Be Razed and Present Site Used.

Definite announcement was made yesterday to the effect that the congregation of the Laurel Street Methodist Church will shortly undertake the erection of a handsome new house of worship. The present building will be razed and a \$25,000 structure will be erected on the same site.

"Plans for the new building are now being drawn," said Rev. D. G. C. Butts, pastor of the church, yesterday. "The matter will be definitely taken up by the church committee very shortly, and if I am permitted to stay in this field long enough I hope to see the new church with a handsome home. We shall work on the \$25,000 basis. There are few, if any, wealthy members in the congregation, but they are all liberal givers and respond to all calls with a heartiness that is inspiring to the pastor."

"Though he has been here but a short time, Mr. Butts, who is one of the most attractive speakers in the Virginia Conference, is very popular and his congregation is hoping to hold him for the full four years. There are now 520 members of the church."

Ordinance Lost.

Mr. Cary made a plea for abandonment of dilatory tactics by opponents, and urged them to have the better to offer not to obstruct what he regarded as the most meritorious measure presented since he had been in the Council.

Mr. D. M. White moved to strike out the provision requiring persons building to pay the expenses of the office. The amendment was rejected, 18 to 12.

The ordinance was then put upon its passage, but was lost for lack of required two-thirds majority, the vote being as follows: Ayes—Messrs. Cannon, Cary, Davis, Don Leavy, Ferguson, Green, G. B. Hobson, J. A. Hobson, Lynch, Minor, Montague, Naylor, Phillips, Pollard, Powers, Richardson, Richards, Spence, Umlauf, Well and Williams—22. Nays—Messrs. Garber, Garbar, Gaites, Mills, Pollock, Richards, D. M. White, W. L. White and Peters—9.

Mr. Cannon changed his vote from aye to no and moved to reconsider. The motion prevailed.

Thereupon Mr. Pollock renewed his motion to recommit to the Ordinance Committee.

Mr. Lynch offered as a substitute that the ordinance be committed to the Finance Committee with instructions to report at the next regular meeting.

The substitute prevailed, and the ordinance went to the Finance Committee.

The ordinance appropriating \$350 per annum to supplement the remuneration of the clerk of the Circuit Court of the city of Richmond was passed without a dissenting vote after statements in support of it by Messrs. Cannon, Pollard and David Meade White.

Mr. Lynch moved to amend the ordinance by striking out the provision authorizing the City Attorney to acquire certain land necessary for the rehabilitation of the Gas Works.

The amendment was rejected, 18 to 12.

The ordinance providing for the payment of firemen and employees of the Fire Alarm Department, reported by the Ordinance Committee, went to the Finance Committee.

Gas Works Contract.

The report of the Light Committee, recommending the appropriation of \$200,000 to the Stacy Manufacturing Company at its bid of \$150,000, was committed to the Ordinance Committee, as was a resolution authorizing the City Attorney to acquire certain land necessary for the rehabilitation of the Gas Works.

The ordinance providing for the payment of firemen and employees of the Fire Alarm Department, reported by the Ordinance Committee, went to the Finance Committee.

Site for Armory.

The Common Council concurred in the action of the Board of Aldermen looking to selecting a site for an armory for the Richmond Light Infantry Blues.

The Council then adjourned.

Unsafe for Occupancy.

Mr. Pollard made a forceful plea for action at this meeting, impressing the importance of passing the ordinance. Some buildings being erected now, he said, are so flimsily constructed as to be unsafe for occupancy. He made a strong appeal to Councilmen to get together and pass the ordinance.

Mr. Pollock declared that his reason for asking recommitment was that the passage of the ordinance would create an unsafe condition of the city.

Mr. Pollock moved to amend by striking out the portion of the ordinance relating to the building of a new city office.

NEWHOUSE WILL BE A CANDIDATE

Will Appear Against Colonel Richardson for Register of Land Office

BOTH ARE WIDELY KNOWN

Dr. Steel Retires from Local Senatorial Contest—Other Political Matters.

S. M. NEWHOUSE.

It is reported in this city that Mr. S. M. Newhouse, of Culpeper county, a former member of the House of Delegates of Virginia and later an employee of that body, will be a candidate for the position of Register of the Land Office and Superintendent of Grounds and Buildings at the election by the next Legislature. Colonel John W. Richardson, of Southwest Virginia, is and has been for years Register of the Land Office.

The fight promises to be a lively one should Mr. Newhouse enter the field, the office being one of four years' tenure and fairly remunerative. The Register of the Land Office has considerable patronage at his disposal, and his appointment is selected from various sections of the State, thus giving the incumbent a nucleus of support in several directions.

Both Messrs. Newhouse and Richardson are widely known to legislators and prospective legislators, and a spirited contest is likely.

DR. GEO. B. STEEL RETIRES FROM RACE

Finds He Cannot Give Necessary Time to Senatorial Canvass.

Dr. George B. Steel last night gave out a statement retiring from the contest for a seat in the Senate from Richmond city.

Dr. Steel prepared a signed statement to his friends, which will be found below, and which explains fully his reasons for withdrawing from the race. He declares that he has found that he cannot give the necessary time and attention to legislative duties, should he be nominated and elected to the Senate, and being unwilling to undertake any work which I cannot satisfactorily and thoroughly perform, I feel constrained to withdraw from the canvass.

"With many thanks for your kind words and good wishes, I am, very truly, etc.,

REVIVAL SERVICES AT GRACE-STREET CHURCH

Dr. Gardner Preaches Sermon on "Bringing Men to Christ."

The series of evangelistic services at the Grace Street Baptist Church continued last night with a fair attendance, notwithstanding the inclement weather. Rev. Dr. C. S. Gardner, pastor of the church, preached on "Bringing Men to Christ," taking up the instance of the paralytic who was brought to Christ by his four friends.

"Were they apostles? No. Were they persons of great culture or distinction of any kind? No. Had they ever received any theological training? No. Were they people of exceptional intelligence? It does not appear so. They seem from the record to have been ordinary people. Then what was their equipment? They knew enough about Jesus to know that he could save. They cared for this man, and they were men of energy and determination."

When the invitation was given a number asked for the prayers of the congregation, and three young people were forward to unite with the church. The meeting will continue until further notice, and the public is cordially invited to attend.

CITY AMBULANCE HAS MANY CALLS

All Sorts of Wounds, Cuts and Bruises to All Sorts of Humanity.

BARTENDER HITS WOMAN

Negro Uses Pitchfork Against Brother—Man Struck by Falling Wheel.

The city ambulance, in charge of Dr. R. L. Hudgins, was kept on the go all day yesterday, the American Locomotive Works coming in for an exceptionally large share of minor accidents.

Mr. J. E. Powell, of No. 813 West Marshall, was struck by a handcar while walking on the tracks of the Atlantic Coast Line Belt Line. His shoulder was dislocated, and he was taken home by the ambulance, which was called to the Richmond, Fredericksburg and Potomac shops. He was suffering intensely last night, and was thought to be badly hurt.

A call to the Locomotive Works to attend Almond Thornton, a small white boy, who, in working with asbestos, had the stuff blow up and damage one eye. He was treated and left.

About 3 P. M. George Lessler, of the Locomotive Works, had his left middle finger cut off in some machinery. The finger was amputated at the first joint.

Badly Injured.

J. W. Hazlegrove, of the Locomotive Works, was injured by the fall of a large wheel of a derrick. He received a severe wound over the left eye, which required several stitches. He is thought to be badly hurt.

About 5:30 P. M. a call came from Eighteenth and Main Streets, where Ruby Robertson, colored, went into a barroom to get beer and offended the bartender, who struck her across the left eye, making a severe wound, which required several stitches. The bartender was arrested and bailed for his appearance in the Police Court this morning.

Early yesterday morning a call came from Woodward and Sons' lumber yard, where an old man, who said he was nearly ninety years old, driver of a wagon, had his mule get away from him. The wagon was upset, and the man, Burt Montague, was caught beneath a load of cedar posts, and his head was pinned to the ground. He was taken in the ambulance and is resting comfortably.

Stuck Pitchfork in Head.

At a stable at No. 114 East Byrd Street three negroes got in a fight about 4 o'clock yesterday afternoon, one of them sticking a pitchfork through the head of another. No harm was done, as the doctor took several stitches in the wounded head where two prongs of the fork passed through. The other two negroes will tell the police justice about it.

Another call from the Locomotive Works was to attend W. M. Combs, colored, whose finger was cut off at the second joint.

At Eighteenth and Broad Alex. Jones, colored, was talking to a colored woman. There was another man in the case, and somebody was robbed of \$25. A carving knife took part in the game, and several stitches were taken in Alex's head. Mary Eliza and the "other man" were arrested.
